Dear Commissioner Rowley,

I write to make a supplementary submission under the existing criminal referral CCR-6501-26-0100-000, filed with the Metropolitan Police Service on 20 March 2026 and on

which operational engagement commenced on 28 April 2026.

The attached Statement C is a supplementary criminal referral on the common-law offence of perverting the course of justice. It is added as a third offence alongside the existing offences of misconduct in public office (under Attorney General's Reference (No 3 of 2003) [2004] EWCA Crim 868) and perjury (under the Perjury Act 1911) already on the criminal referral file.

Statement C is a preview submission. It sets out the four-level mechanism identified in my analytical work on the public record, illustrated by one worked example: paragraph 64 of the trial judgment of 18 April 2024 in BV20D01752. The same analytical framework is capable of application across several of the eight judgments analysed in Statement A of even date. I have identified further examples which will be addressed in forthcoming submissions under this reference.

For completeness, I attach Statement A — Suppression of Disability Evidence Across Eight Orders — distributed simultaneously to the 46-recipient public-record list. Statement A is the analytical foundation; Statement C is its law-enforcement companion under the existing criminal referral reference.

I confirm that nothing in this supplementary submission limits or qualifies the matters already on the criminal referral file. The MiPO and perjury offences remain on the file. PCJ is added.

The supporting documents listed below are attached. They are already on the criminal referral file or are relevant evidentiary material referenced in Statement C.

Yours sincerely,

Nadia Zahmoul
