Body of email

Dear Anita,

I hope you are well.

I would be most grateful if you could please pass this on to His Lordship.

This is material to the case and to the Final Hearing which took place before His Lordship on 19th – 28th February 2024.

I am copying counsels on both sides.

Thank you very much.

With my kind wishes,

Nadia

Your Lordship,

I am sincerely sorry to trouble Your Lordship so soon after the Final Hearing. The matter of Oxus Acquisition Corp. is very material to the case and came to my attention almost immediately after the trial ended. Despite writing to the Respondent one week ago to request an explanation, we have not received a reply.

This open-ended situation is very harmful to me. I feel powerless, vulnerable, and extremely distressed. I find it impossible to put the children's and my future into the Respondent's hands and wait without knowing how long I must wait.

I put the matter into Your Lordship's hands and if one week is not enough, I am happy to wait as long as Your Lordship would like me to.

At the Final Hearing and under oath, the Respondent represented that his shares in Oxus Acquisition Corp. were "worth zero". In the asset schedule submitted for the Final Hearing, he reported 50,000 shares at a value of \$0.00.

This is factually incorrect and constitutes a false statement.

The Respondent was appointed to the Board of Directors of Oxus Acquisition Corp. on 1st June 2022 and on 7th June 2022 Form 3 "Initial Statement of Beneficial Ownership of Securities" was filed with the SEC.

PAGE 340 of SEC PROSPECTUS (attached): "On June 7, 2022, 50,000 Founder Shares were transferred to Mr. Karim Zahmoul by the Sponsor. The fair value of the 50,000 Founder Shares granted to the Mr. Karim Zahmoul on June 7, 2022, was \$0.02 million or \$0.33 per share. The Founder Shares were granted subject to a performance condition (i.e., the occurrence of a Business Combination)."

The Founder Shares were granted subject to a performance condition (i.e., the occurrence of a Business Combination).

The Business Combination occurred on 7th February 2024.

Newco began trading on Nasdaq on 8th February 2024 under the ticker symbol BRLS.

The Founder Shares lock-up period is defined in page 43 of the Prospectus filed with the SEC (attached) and in the attached SEC Filings Excerpts.

Conclusion

The Final Hearing started on 19th February 2024.

At the time of the Final Hearing and when he testified under oath, the Respondent knew (i) that the Business Combination had occurred and (ii) that the value of his 50,000 Founder Shares was not zero.

Respectfully,

Nadia Zahmoul
