HOW TO READ THIS ANNEX

This annex sets out every document in the case record for the period February-June 2024. Each row is one document or communication. The columns show: date; whether the communication was inbound (← IN, from the court / H / solicitors to NZ) or outbound (→ OUT, from NZ); the sender and subject; the misconduct tags applied in the master workbook; the précis of the document; its legal significance; and the JR ground.

THREE DATES ARE FLAGGED ★ UNILATERAL ORDER — these are the dates on which H's counsel filed draft orders without NZ's agreement, while NZ had no legal representation, no MPS income, and no participation measures:

- **★ 3 May 2024** — Campbell files H's first unilateral draft order with the court (recalled and resubmitted same day). NZ's equal footing letter lands in Karen's absent inbox 6 minutes after judge receives H's draft.
- **★ 14 May 2024** — H's second unilateral draft order filed. Five material amendments without NZ's input. Para 38 removes NZ from education fund without hearing.
- **★ 24 May 2024** — Final order approved on H's unilateral draft and sealed. Costs order handed down same day. NMO hearing listed same day — NZ joins video link and finds no one there.

PARTICIPATION MEASURES: Were in force during the trial (19-28 February 2024) under FPR Part 3A. No judicial act (no judge, no date, no order, no reasons) revoked them. They ceased on 28 February 2024 without any administrative or judicial record. Every record from 1 March 2024 onwards occurred without any Part 3A accommodation.

JR STATUS: Permission was refused by Collins Rice J on 11 March 2026 with a TWM designation. That refusal does not affect this criminal referral. The participation failures documented here are matters for police investigation.

FEBRUARY 2024 — FINAL HEARING (19-28 FEBRUARY 2024)

Participation measures in force.
